Memorandum

Date: February 15, 2019

From: Lexis L. Crosby, Air Traffic Manager
DeKalb-Peachtree Airport Traffic Control Tower

To: PDK Airport Stakeholders and Users

Subject: Runway Safety Action Team Meeting and Pilot Controller Forum

PDK Airport Stakeholders and Users,

Runway incursions remain a serious concern nationally. One important component of our ongoing efforts to improve surface safety at PDK Airport involves conducting a Runway Safety Action Team (RSAT) meeting at least once each year. In conjunction with airport management, we will be conducting two local RSAT/Pilot Controller Forums on Tuesday, April 23, 2019. The first session will be from 1:00-3:00 p.m. in the Airport Administration Building, Conference Room #227 and the second session will be from 6:00-8:00 p.m. at the Chamblee Civic Center. The agenda will be the same, so please plan to attend one of the sessions.

The purpose of this RSAT/Pilot Controller Forum is to unite those individuals and organizations that are actively involved in air traffic operations and movement of aircraft, vehicles and equipment on the Airport Operations Area (AOA). We look for participation from all major airport interests including tenants, fixed base operators, airport operations and maintenance personnel. Participants are asked to help develop recommendations and solutions to enhance surface safety. Those recommendations serve as the foundation for a site-specific Runway Safety Action Plan. You are cordially invited to join us.

Your participation is important and your input is welcomed. Please RSVP to Lexis.L.Crosby @faa.gov. Include the name, organization, phone number, session (day/evening), and email address of those who will be attending.

If you have questions or need more information, please let me know. I can be reached at 678-495-5235.

Sincerely,
Lexis L. Crosby
Air Traffic Manager, PDK ATCT
